

**Idaho Forest Products Commission  
TEACHER GRANT RECIPIENTS–2008**

<b>Grant Applicant and School</b>	<b>Teaching Position</b>	<b>Brief Description of Proposed Project</b>
Lee Brown Meridian High School	9th-10th grades Biology, Earth Science	Purchase of supplies to implement Project Learning Tree activities, including research materials, posterboard, pH paper, markers, and recycling bins.
Jodi Chambers Camelot Elementary, Lewiston	Kindergarten All subjects	Purchase of books to support Project Learning Tree lessons.
Lee Cornell Lewis & Clark Middle School Meridian	7th-8th grades Filmmaking, Computer Applications	Support for purchase of a digital video camera to use in monthly broadcasts to LCMS students on being "Pro-green with Ease."
Lori Cottle Jerome Middle School	6th-8th grades Arts & Crafts	Purchase of industrial blenders to support established papermaking program with 8 <sup>th</sup> graders. Collaboration with Social Studies and Science teachers on interdisciplinary study of paper.
Theresa Du Chemin Sacajawea Jr. High School Lewiston	7 <sup>th</sup> -9 <sup>th</sup> grades Gifted/Talented	Support for an ongoing project to create student-friendly outdoor areas around the school. Trees will be purchased and planted.
Kip Frazer Desert Springs Elem. School, Nampa	4 <sup>th</sup> grade All subjects	Funding for buses to transport students to Idaho City for a forest field trip in conjunction with <i>From Lumberjacks to Lasersaws</i> history lessons.
Karen Garner Horseshoe Bend Schools	Kindergarten, all subjects PreK-5th Gifted/Talented	\$200. Creation of nature backpacks stocked with items for hands-on science investigations in the forest near the school. Items include field guides, magnifiers, science journals and specimen containers.
Pamela Gomes Lake City High School Coeur d'Alene	9th-10th grades Biology	\$200. Purchase of aspirators (for collecting insects), specimen bottles, a GPS unit, and a sweep net for use in a comprehensive study of invasive plants and their effects on northern Idaho forestland.
Jim Gustin Orofino High School Orofino	10th-12th grades Human Biology, Biology, Environmental Science	Purchase of plant identification materials and soil sampling kits to support an ongoing study of forested riparian zones.
John Hastings Sandpoint High School	10th-12th grades Natural Res. Management & Forestry	Purchase of log scaling equipment to support increased enrollment in natural resource management and forestry classes.
Deanna Kinziger Lewiston High School	10th-12th grades Ecology, Environmental Science	Purchase of Perennial Plants/Weeds Identification CDs to use in comprehensive "Wildfires & Weeds" unit.
Vernie Kushlan Cascade Jr/Sr High School	7th-9th Life, Earth & Physical Science	Purchase of teen literature related to forestry and other outdoor topics to stimulate interest in science.

**Idaho Forest Products Commission  
TEACHER GRANT RECIPIENTS–2008**

Tim McDaniel Dietrich School District	7th-12th Biology, Astronomy, Earth Sci., Life Science, Phys. Science, Chemistry	Purchase of tree cookies and support for a field trip for hands-on studies of tree growth and development.
Brian O'Rourke Post Falls Middle School	7 <sup>th</sup> grade Science	Purchase of tree seedlings, pots, trays, racks and soil to support student-directed experiments on tree seedling growth.
Nancy Peters-Oliver Taft Elementary School, Boise	K-6th grades Library & Curriculum Support	Purchase of books on tree species, forestry and forestry careers to add to the school library.
Rita Repp McGhee Elementary School Lewiston	Kindergarten All subjects	Purchase of wood and other materials for building bird houses, and books related to plants and trees. Students will learn about wood products from Idaho.
Kerinsa Sanborn Spirit Lake Elementary School	2 <sup>nd</sup> grade All subjects	Support for annual "Walk in the Woods" field day, including lunches for presenters and portable toilet rental.
De'Borah Snoderly Pine K-8 School	K-8th grades All subjects	Purchase of digital cameras, compasses and clipboards to support comprehensive study of the forest surrounding their community.
Shane Stevenson Rocky Mountain H.S. Meridian	9th-12th Agriculture & Natural Resources Science & Technology	Purchase of forestry equipment to support classroom activities and a FFA Forestry Career Development event.
Oscar Tieg Culdesac School District	5 <sup>th</sup> -6 <sup>th</sup> grades All subjects	Purchase of six site licenses of weed DVD for use in study of how invasive species are affecting the forests of north central Idaho. Site licenses will be shared with area schools.
Kimberly Tweedt Pioneer School of the Arts Boise	2 <sup>nd</sup> grade All subjects	Purchase of children's literature to support Project Learning Tree activities.
Kristen Victorine Orofino Elementary School	1 <sup>st</sup> grade All subjects	Purchase of weed DVDs for use in primary classrooms. Students will learn observation skills, indoor/outdoor connection, about invasive species and how they affect their local forest environment.
Matt Wigglesworth Centennial High School Boise	9th-12th grades Earth Science, Ecology	Purchase of lab supplies to demonstrate the effects of photosynthesis and cellular respiration within an ecosystem.
Donna Wommack Genesee School	3 <sup>rd</sup> grade All subjects	Purchase of children's literature books to create a library of forest information for the 3 <sup>rd</sup> grade classroom and whole school.
