TIMBER WEST
Journal of Logging & Sawmills

Information pertaining to mills, ports and wood energy facilities was provided by TimberWest Magazine and according to their records is correct up to April 1, 2011. Every effort has been made to ensure that the information on this mill location map is complete and up-to-date. Possible errors and omissions are inevitable in these changing times and we ask that these brought directly to TimberWest: timberwest@forestnet.com

For extra copies of this map, please contact us by email with your address.
